

RESOLUTION NO. 170

WHEREAS, there are a large number of real estate developments in the Silver Lake Water District which desire to install their own water lines and later to turn them over to the water district, and

WHEREAS, it is essential that said water lines when turned over to the district be fully paid for, X

BE IT RESOLVED that the district will not furnish water to any such water lines and will not accept same until X evidence has been furnished to them that all labor and materials have been paid for, and if the lines are installed on private property that easements in favor of the water district are also given to the water district.

DATED this 13th day of September, 1967.
