

SILVER LAKE WATER DISTRICT
SPOKANE COUNTY, WASHINGTON
RESOLUTION NO. 404

A RESOLUTION FIXING CHARGES FOR UNAUTHORIZED TAKING OF WATER,
TAMPERING WITH EQUIPMENT AND UNAUTHORIZED CONNECTION TO THE
DISTRICT'S SYSTEM

WHEREAS, the Commissioners of the Silver Lake Water District desire to provide for the levying of a charge for the unauthorized taking of water; tampering with equipment and unauthorized connection to the District's system; NOW THEREFORE,

BE IT RESOLVED AS FOLLOWS:

THAT, in addition to any other remedies or penalties provided by law for unauthorized taking of water, tampering with District facilities, or unauthorized connection to the District's system, charges shall be assessed as follows:

1. There shall be levied a charge of Two Hundred Dollars (\$200.00) against each person, firm or corporation who shall take water from any water line, reservoir, or fire hydrant, or any facility of the Silver Lake Water District without the District's consent and without first having obtained from the District a permit to take such water. Such sum shall be due and payable immediately upon the taking of such water.

2. There shall be levied a charge of Two Hundred Dollars (\$200.00) against each person, firm or corporation owning or occupying property connected to the District's water system who shall tamper with any water meter, fire line meter, service line, or any meter related appurtenances of the Silver Lake Water District. Such sum shall be payable at the time of discovery by the District of such tampering.

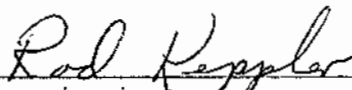

3. There shall be levied a charge of Two Hundred (\$200.00) against each person, firm or corporation owning property that proposes to connect to a District service line who shall take water from an angle stop, service

lead, angle check valve or related appurtenances intended for a future meter installation without consent from the Silver Lake Water District to take such water. Such sum shall be due and payable immediately upon the taking of such water. A meter will not be installed to serve such property until such \$200.00 is paid together with the standard meter installation fee. If a meter application has been purchased from the Silver Lake Water District and, prior to installation of such meter, it is determined by the District that water has been taken in violation of this Resolution then such meter will not be installed and the meter application will be held until the purchaser of such meter application pays \$200.00 charge.

4. There shall be levied a charge of Two Hundred Dollars (\$200.00) against each person, firm or corporation who shall operate any valve in the Silver Lake Water District's system without the District's consent. Such sum shall be due and payable at the time of discovery by the District of such unauthorized operation.

5. In addition to any other method of collection or enforcement provided herein, (1) the charges imposed by 2 and 3 shall be charges against the property as provided in RCW 57.08.080 and subject to the foreclosure provisions of RCW 57.08.090; and (2) the District may, upon written notice and opportunity for hearing, discontinue service if a charge assessed pursuant to 2 or 3 is not paid within 30 days of written notice, unless the Board after a hearing determines good cause exists not to impose the charges or discontinue service.

PASSED by the Board of Commissioners of the Silver Lake Water District this 10th day of September, 1937.

Commissioner

Commissioner

Commissioner

The undersigned Secretary of the Board of Commissioners of the Silver Lake Water District, Snohomish County, Washington, does hereby certify that this is a true copy of Resolution No. 404 adopted September 10, 1937 as said resolution appears on the minute book of the District.

DATED this 10th day of September, 1937.

Secretary
